Kansai's first inbound-focused satellite store!
 Opening Tuesday, February 10, 2026

『Don Quijote Shijo Street Store』

Don Quijote Co., Ltd. (Head office: Tokyo; President and CEO: Kosuke Suzuki) will open the “Don Quijote Shijo Dori Store” in Kyoto City, Kyoto Prefecture on Tuesday, February 10, 2026. The store will be located along Shijo Dori, approximately 650 meters from the already-open “Don Quijote Shijo Kawaramachi Store,” and will be the Kansai region's first store specializing in inbound tourists.。

Home to a World Heritage Site, Kyoto is a special city where international visitors can experience Japanese culture. Located in the heart of Kyoto, Shijo Street, where the store will open, is on a major thoroughfare connecting popular tourist spots such as Gion, Kawaramachi, and Nishiki Market, making it Kyoto's premier shopping area, attracting both domestic and international tourists.

The store will offer a carefully selected selection of products popular with international visitors, including Kyoto souvenirs such as sweets made with Kyoto's Uji matcha, as well as popular Japanese confectionery, cosmetics, pharmaceuticals, and character goods. Based on the concept of “Kyoto-ness and Harmony,” the store will create an enjoyable shopping environment that makes customers feel like they are in Kyoto's tourist destinations. To ensure a comfortable shopping experience for international visitors, the store will have more duty-free registers than other small stores, display multilingual POP displays, and have multilingual staff on hand at all times.

Furthermore, this will be the first inbound-focused satellite store to offer “fruit skewers,” a mobile food service featuring carefully selected fresh fruit. Japanese fruits are highly rated by foreigners, and “fruit skewers” allow you to enjoy them easily even while on the move. Their colorful appearance makes them the perfect “one-handed food” to eat while walking around tourist spots. Providing both the “pleasure of eating” and a “photogenic experience” at the same time, they will further expand the enjoyment of sightseeing.
