[^0]:    - Consolidated and same store sales went up $11.0 \%$ and $5.6 \%$ YoY respectively. Though there were some negative factors including bad weather and temperature fluctuation, the sales for Q1 were strong by doing more flexible store operation. We took finely-tuned pricing strategy to respond to the price-conscious consumers' needs and won the competition against nearby retailers.
    - GPM went down 0.4 pts. Some seasonal items sales were affected by bad weather. Food items attracted the greater customer traffic by being more price-competitive.
    - Per man-hour productivity improved due to the drastic organizational reform and more authority was delegated to front line staff. Personnel cost as a percentage of sales went down because sales went up sharply. Rent increased associated with new store opening, commission paid went up for one-off reason. All in all, SG\&A went down 0.6pts.
    - Operating profit and net profit went up $14.1 \%$ and $4.2 \%$ respectively, both beat our guidance. It is "Positive Surprise!"
